DEMOCRATS CLOSE "WHIRLWIND"
CAMPAIGN TODAY AT BARNARD

PROGRESSIVES RALLY

Build Moose Adherents Hold Big Event
Here This Afternoon—Wilsonites
Have Limelight Tomorrow.

The three days "whirlwind" campaign of the Nodaway county Democrats will close tonight with a big meeting at Barnard, beginning at 7:30 o'clock tonight. The "flying squadron" of political bees went buzzing away towards the southeastern portion of the county this morning, about fifty strong and with two brass bands and several oratorical artists to "whoop 'er up" for them.

Everywhere the boosters went yesterday they were greeted by large and attentive audiences, it is reported.

Big Event Tomorrow.

Yesterday and today's caravan was made up of between fifteen and twenty motor cars, the bands of Maryville and Graham, every Democratic candidate and speakers I. R. Williams of Savannah, Charles F. McCaffrey, Ellis G. Cook, John M. Dawson and M. E. Ford.

Clyde and Conception were visited this morning by the "flying squadron," while Conception Junction was host to the Democratic tourists at noon today. Guilford will be visited this afternoon.

The big event of the entire Democratic pre-election program, however, will come tomorrow with the double-header bill at the court house at 1 o'clock in the afternoon. A. M. Dockery, third assistant postmaster general at Washington, formerly governor of Missouri, will be the star performer. Congressman Charles F. Booher of Savannah likewise will appear before the Nodaway county voters for the first time in this campaign. He is seeking re-election.

Progressives Have Floor Today.

It was originally intended to hold the meeting in the circuit court room of the court house, but owing to the large crowds anticipated, the speaking may be on the court house lawn if the weather is at all favorable. If too chilly, the circuit court room will be used and arrangements made for adding to the seating capacity of the room, as it is intended to seat everyone who attends.

The Progressives of the county virtually closed their campaign this afternoon with a political rally at the court house, beginning about 1:30 o'clock. A fairly large crowd attended. They had as their speakers Joseph Fronton of Kansas City and Nathaniel Sisson of Maryville.

Mr. Fronton is one of the Progressives' ablest speakers of Missouri. He has been one of the new party's best leaders in western Missouri, and has entered into this fall's campaign with vigor. He dwelt on the history of the party from its formation two years ago, when a number of Republicans split from the old organ and followed Theodore Roosevelt, down to the present day. Mr. Fronton also explained the policy of the Progressive party in state and national government.

Republicans Rest.

Mr. Sisson spoke principally relative to the qualifications of the Progressive county candidates. Each was mentioned and reasons given why the Progressives should stand back of the men on their party ticket.

The Republicans of Nodaway county have closed their campaign, with the exception of the big rally at Maryville Saturday afternoon. The Republican candidates individually however, are making plays for votes each day and will continue to do so until the election is in the past.

GET READY FOR ELECTION

Ballots and Voting Paraphernalia Are Being Sent Over County.

Active preparations for the general election to be held over the county and likewise state next Tuesday, November 3, are being made today by County Clerk George W. Demott. A supply of blank county and state ballots, "absentee" ballots and amendment sheets, together with supplies for the judges and clerks are being sent out to each of the twenty-three precincts. Each precinct package contains two poll books, tally lists, wire for stringing ballots, wax for sealing packages, and sacks for containing the paraphernalia.

Each precinct is being supplied with blank ballots and amendments, to twice the number of eligible voters therein, such being a requirement of the law. About two dozen "absentee" ballots also are being sent to each polling place for the convenience of those being away from their home precinct.

Approximately 5,000 votes are expected by County Clerk Demott to be cast in Nodaway county if the weather is favorable. The total vote for presidential candidates in the general election of 1912 was 7,052. Of this number 3,490 were Democratic, 2,139 Republican, 1,307 Progressive, 59 Prohibitionist, 49 Socialist and 8 Socialist-Labor votes.

Not as large a turn-out of voters, however, is anticipated this time, if not being a national election. The figure may run to 6,000 though, some of the county officials predict.

Each precinct will receive between 200 and 1,200 blank ballots and amendment sheets, depending on the number of eligible voters within the precinct. Precinct A of Polk township will receive the largest number, or 1,200, while precincts B and C will each get 800. Precinct D will receive 900.

The Maryville voting places this election as previously will be as follows: First ward, Tilson's livery barn, East Fifth street; second ward, Robey's garage, West Fifth; third ward, Gray's feed barn, West Second; fourth ward, rear of Empire theater building.

Will Leave for Chicago.

Mrs. S. O. Dunn of Chicago, who has been the guest of Mr. and Mrs. George B. Baker for the past two weeks, will leave for her home tomorrow afternoon.

Report Powerful Cannon Bursts, Destroying Emperor's Men—English Lose Another Steamship.

London, Oct. 29.—Another English steamship has been sunk off the north coast of Ireland by a mine. It is not known how many men were drowned or killed by the explosion.

"Take Calais at any cost" is the order of Emperor William sent out to war commanders on the French battle line. Fresh troops are being rushed to the firing line to swell the German army and thereby force a way through the allies' front.

With the capture of Calais, which is on the coast and near the Belgium-France line, it is hoped by the Germans to be able to control the upper English channel. This would require the allies to take all navy equipment around England and through the Irish sea.

Paris, Oct. 29.—Two hundred and fifty men were blown to pieces when one of the Germans' powerful forty-two centimeter cannons exploded as the result of an excessive charge of powder, on the right wing in France, according to a dispatch from Madrid, Spain, and published in the Journal here. The gunmen and a large part of the German fighting force nearby were killed in the explosion.

Democratic Rally Speaker to Also Inspect City—Expect Congressman Booher Here at Noon.

The Democratic county committee will close its speaking campaign in this county tomorrow afternoon, when A. M. Dockery of Washington, third assistant postmaster general and former governor of this state, and Congressman Charles F. Booher will speak at the court house.

Governor Dockery will arrive in Maryville tomorrow morning from Mexico over the Wabash. He will spend nearly all day here, leaving the city about 5 o'clock in the afternoon in a car for Stanberry, where he will speak that night. On his arrival here he will be taken to the Linville hotel for breakfast. Many Democrats of the city and over the county will confer with him during the morning. He will visit the Normal school and will make a talk at the assembly hour. He will also visit the postoffice building. An automobile ride over the city will then be tendered Mr. Dockery.

Governor Dockery is considered one of the best campaign speakers in the state. He has frequently visited Maryville and has many acquaintances here. He will discuss national issues

in his speech tomorrow. As he is connected with the administration at Washington, he is in a position to be well posted in this respect.

Judge W. C. Ellison will introduce Mr. Dockery at the meeting and preside at the Democratic rally.

Congressman Booher is expected to arrive in the city at noon tomorrow from Savannah. He will be met at the Burlington depot by a reception committee headed by County Chairman John Dawson. A dinner for Mr. Dockery and Congressman Booher will be served at the Linville. A number of Democrats will attend.

The speech tomorrow will be the only one Congressman Booher will make in Nodaway county during this fall's campaign.

WAR TAXES THEATRES \$150

| Three Maryville Houses Must Contribute as a Result of Levy. | | |
|---|-------|--------|
| Theaters | Seats | Tax. |
| Empire | 640 | \$.75 |
| Fern | 363 | .50 |
| Star | 248 | .25 |
| Totals | 1,251 | \$150 |

Maryville theaters will have to pay a war tax of \$150 a year or nearly 12 cents a seat for every one of the 1,251 in the listed capacities, as a result of President Wilson signing the new war tax bill last Thursday.

The law, which is now in effect, taxes all theaters according to the following plan: Those with a seating capacity of 250 or less will pay \$25 a year; 500 capacity, \$500; 800 capacity, \$75; more than 800 capacity, \$100 a year.

The theater managers believe the tax will be considerable of a burden. In a few towns several theaters will be closed on account of inability to pay the tax, it is said.

PREPARES CITY TAX LIST

Are 1,474 Real Estate and 1,480 Personal Tax Victims in Maryville.

The city tax books are now being compiled and the various assessments being established against each real and personal property owner by City Clerk Chester Bennett. The books will probably be opened and payments received by the city the first week of November. The tax against each individual remains virtually the same as last year, although there are a few variations, some having to pay less and some more, depending, of course on whether any changes in holdings have been made the last year.

A slight increase in population or financial betterment also is indicated in the report for this year. Where there were but 1,457 persons on the real estate tax list last year there now are 1,474. Likewise relative to personal listing, there were but 1,389 last year, or just 100 less than is shown this fall.

The number of persons listed as being subject to the payment of merchants' tax increased but two, or from 95 to 97.

City Clerk Bennett has completed the compilation of the real estate assessment record and is about one-third through with the personal list. He expects to finish the work within a few days.

Two Final Free Throws Keep Normal Allies in Cellar.

Two free throws near the end of the game by Fred Vandersloot, captain, spoiled the chance of the Allies Normal basket ball team to climb out of the cellar position, now shared equally with the Quintet, in a double-header game played at the Normal gymnasium yesterday afternoon. The Minks also lost to the Quintet yesterday afternoon by a score of 16 to 22.

The hotly contested game between the Giants and the Allies resulted in a 10 to 8 score. The next games will be played tomorrow afternoon in the Normal gymnasium between the Giants and the Quintet and the Allies and the Minks. The score.

Minks—Field goals, Ford 1, Leach 1, Woodard 1; Free throws, Leach 7.

Quintet—Field goals, Quinn 3, Brittain 1, Lyle 3; free throws, Quinn 6.

Giants—Field goals, Vandersloot 1, Ham 1, Neal 1; free throws, Vandersloot 4.

Allies—Field goals, Wells 2, Robey 1; free throws, Gooden 2.

SON HAS FIRE; TRIES SUICIDE

MARVIN COOK, 78, ATTEMPTS TO TAKE LIFE.

BLOOD HOUNDS TRACK TO FATHER'S ROOM

Graham Farmer Loses Barn and Contents in Incendiary Fire—Release Horses Before Committing the Deed.

An incendiary fire at 9 o'clock last night which cost George Cook, living two and a half miles northeast of Graham, about \$3,000, and the trailing of the suspect by bloodhounds had its sequel this morning in the attempted suicide of Marvin Cook, 78 years old, the father of George Cook.

The fire was discovered about 9 o'clock last night in Cook's barn. The flames had a good start when first noticed by the Cook family. The barn and its contents, which included about 1,100 bushels of wheat, farm implements, harness, corn and hay, were totally destroyed. Two head of horses which Mr. Cook had previously locked in the barn for the night, were found turned out into the pasture and the barn doors locked again.

This act alone led some to believe the father had committed the deed as he always has been a great admirer and lover of horses.

It gave, too, to the fire the appearance of having been the work of an incendiary, and two bloodhounds, in charge of an officer from Bigelow were brought to the Cook farm early this morning. The hounds took the trail at the barn and followed it directly to the room in a Maitland hotel occupied by Marvin Cook, the aged father of George Cook.

When confronted with the circumstances of the case, the old man attempted suicide by swallowing a small portion of laudanum. The drug caused a stupor for several hours. This afternoon the elderly man had rallied and partially recovered from the effects of the poison. He is confined to his room in the hotel under guard of Dr. C. W. Wyman and relatives.

No action has been taken in the case, according to George Pat Wright, prosecuting attorney.

It is rumored that bad feeling has existed between the father and son for the last year and that, together with the mental condition of the old man, is supposed to be the cause

Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness can be cured by removing the membranes lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness results. This tube can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but inflammation.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

**TRY THIS! HAIR GETS THICK, GLOSSY,
WAVY AND BEAUTIFUL AT ONCE—
STOP FALLING OUT.**

Immediate—Yes. Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair, growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

The reception held last night in honor of the visitors was one of the most enjoyable parts of the two days convention. In addition to the out-of-town members, the G. A. R. members

TEMPERANCE WORKERS MEET TO PREPARE FOR ELECTION.

A special meeting of officers of the Nodaway county branch of the Anti-Saloon League and ministers and temperance workers of Maryville was held in the First Methodist church last night to prepare for getting out a full "dry" vote at the election next Tuesday. The various churches and brotherhoods of the churches were represented.

Committees for each of the four wards of the city were chosen to work on election day to see that each of the temperance advocates voted for the county unit amendment. A number of automobiles probably will be used by the league on that day to convey to the polls those unable to go otherwise. The committeemen also will stay by the polls during the day to see that every one voting is entitled to the suffrage.

A list of the voters for each ward will be prepared by a separate committee this week and turned over to the league for use on election day.

Many at Pickering Rally.

Those who represented the various churches and brotherhoods last night were: Christian, R. L. Finch and F. L. Flynn; Baptist, L. M. Hale and H. W. Hull; First Methodist, G. S. Cox, Emmett Scott and John Airy; Presbyterian, S. D. Harkness.

The Anti-Saloon League was represented by H. W. Hull, president, and W. W. Glass, secretary.

The ward committee chairmen are: First, G. B. Roseberry; second, Floyd Brown; third, M. A. Peery; fourth, George Moore.

The only temperance meeting held last night over the county was in the Christian church at Pickering, with Anderson Craig of this city as speaker. A good crowd was reported by Mr. Craig. A special musical program also was prepared, and a paper read on temperance by Mrs. W. H. Burr.

Plan School Observance.

Preparations now are being made for an observance of "temperance day" in the public schools of the county tomorrow. Each teacher is urged to lecture to the school as a whole or to the physiology class on the evils of drink and the benefit of temperance. Owing to lack of proper notification, however, it is not believed the day will be generally observed in the schools. Some of them may, however, it is said. County School Superintendent W. M. Oakerson is not aiding in the movement, although it received his sanction.

A few temperance meetings are planned for each night this week, with "county unit" rallies in nearly every church in the county next Sunday night. Union temperance meets will be held in the towns, two of them being planned here.

Expect County to Uphold Law.

"There is little doubt but that the "county unit" law will be upheld by the Nodaway county voters," said Mr. Cox, one of the temperance workers, this morning, "but it is our endeavor to pile up as large a majority as possible to offset the probable majority against it in some counties, especially in the larger cities of Missouri."

Democrats Spend But \$37,298.

Treasurer Rolla Wells of the Democratic national committee at Washington has filed his report, showing the campaign committee had received \$57,580 in contributions to the present congressional campaign and has \$20,282 unspent.

C. E. Davis of Chicago was the largest individual contributor with \$8,000. The report covers the period ending Oct. 21, and shows there were 757 contributions of which 639 amounts were under \$100 each, made up \$46,296. Expenditures reported included nearly \$10,000 to Thomas J. Pence, publicity man for the committee.
